HARD PORCELAIN SET
Casting Slip / Isostatic Pressing

Classic Design
HARD PORCELAIN SET
Casting Slip / Isostatic Pressing

Microwave & Salamander Safe
Pars China products are both microwave and salamander safe due to their heat resistant layer of glaze. (Other than products with all kind of decorations including with precious metals like Gold, Platinum etc.)

Smooth Appearance
The special glaze fired at high temperatures not only gives all our porcelain a smooth, clean finish, but also ensures that it becomes completely non-porous, guaranteeing higher levels of hygiene.

Absolute Functionality
All our designs focus on sheer functionality to conform to industry guidelines. Most of our items are stack able including , bowls and platters, a design ingenuity that facilitates efficient optimization of space.

Abrasion Proof
The special glazing fired under high temperature ensures strong resistance to scratches or abrasions.

High Chip Resistance
The significant composition of high alumina raw material offers strength and resistance against chipping at critical points such as edges of cups, plates and handles. This configuration reinforces the porcelain, reducing risk of breakage and increasing the product's endurance.
